## **“AMIHACKS - LEGAL HACKATHON 2022”**

**ORGANISED BY**

**AMITY LAW SCHOOL, NOIDA**

**24<sup>th</sup> March to 25<sup>th</sup> March, 2022**

Ami-Hacks Legal Hackathon is a four days virtual hackathon which aims to encourage young students to create viable and innovative solutions to real-world problems. It is a platform for innovative developers, startup enthusiasts and budding entrepreneurs to come together virtually to ideate, innovate and inspire one another and the legal community.

### **About Amity Law School, Noida**

“Amity Law School, Noida” is one of the leading institutions in the field of law. It was established as a philanthropic initiative by our Honorable Founder Dr. Ashok K. Chauhan. Amity Law School, Noida has been conferred with the South Asia Legal Excellence Award, best emerging Law school award by SILF and MILAT along with the “Promising Law School” award by Legal Desire. It is the dream of our Founder President Sir to make it a world-class educational institute in India and beyond.

It has set the bench mark in legal education by providing ample opportunities for education, research and capacity building. Amity Law School, Noida aims to impart high-quality professional education in a vibrant academic ambience with distinguished faculty and resource persons from the industry. Amity Law School, Noida has proved to be an epitome of legal education by striving for excellence in all its endeavors.

### **About the Collaborator**

Lawyered is a legal tech initiative designed to change the way people interact with and within the legal industry. They believe that access to critical services like legal should be just a click away. The team is working to bring legal online, making it cost effective, high quality and accessible for all.

They strongly believe that Law symbolises power, righteousness and equality. They help build relations with top rated professional to help you throughout your professional and personal journey.

### **Objective of Ami-Hacks Legal Hackathon**

- The innovation and technology concentration will help prepare young lawyers/ students for employment outside of traditional legal jobs, such as– legal process outsourcing, electronic discovery services, online client lead generation, automated document assembly, online law practice management, and similar services.
- It will help young lawyers to augment their techno-legal skills and ability to innovate which can be achieved through the appropriate use of law practice, technology and other innovative practices.
- It aims at bringing the legal industry together with tech and innovation, with the sole purpose of developing solutions for improving the legal industry globally.

The above objectives are sought to be achieved by presenting ideas & conducting deliberations in the presence of eminent persons working at the intersection of law and technology. Several mentoring sessions as well as webinars will be conducted to help the participants throughout the hackathon.

### **Eligibility**

All students pursuing a 3 year or a 5 year LLB course or an LLM course from a recognized law school, university or institution in India are eligible to participate.
